## Clocks & Sand Timers

Sauna session or an appointment; let the wooden clocks remind you about your activities. The clocks are made of pure wood (Cedar, Aspen or Pine). Designs of the clocks vary from rattan, droplet, laser printed or integration with thermo-clock-hygrometer. These clocks fit well outside your sauna room or other prominent place inside your house.

Sawo sand timer is designed for inside sauna use. It measures a 15-min countdown and is reset by turning it upside down.

Clocks can be used inside infrared sauna rooms where temperature is mild.
